BRAND STORY

More than 20 years of history

In 1997, DM. Cell began with the idea of American cosmetics researcher, Oriental Medicine researcher, and Korean stem cell researchers to work together to effectively extract the natural ingredients for our skin and make high-performance clean beauty products. Until now, experts in science, medicine, and oriental medicine have studied natural ingredients around the world that perform pharmacological effects. We produce non-irritating hypoallergenic cosmetics optimized for various skin types such as elasticity, inflammation, whitening, and redness.

Expert in cosmetics

Until recently, we have continuously made efforts for our customers' skin by producing products in accordance with the international standard ISO22716 which must be certified every quarter. In order to supply good raw materials, the core ingredients of DM.Cell are cultivated in its own organic fields. This means that the DM.Cell products are always provided safely to the customers.

DM.Cell has been widely used in dermatology, aesthetics, and spas for over 20 years and is recognized by skin experts. In order to provide healthy and non-aging skin to customers, DM.Cell will continue to walk on a path that no one can easily follow.

DM.Cell is Korea's representative skin care brand.

5 Free 5 Plus

DM.Cell excludes harmful 5 ingredients (parabens, artificial surfactants, artificial fragrance, artificial pigments, mineral oils) for the “Beauty that never gets old” and includes 5 ingredients (stem cells, peptides, natural herbs, cell regeneration factors, herbal Medicine) to realize its non-irritating but high efficacy cosmetics.

Natural Cosmetics, Premium Cosmeceutical

In response, DM.Cell won the Grand Prize for “Natural Cosmetics” that leads Korea at the Consumer Satisfaction Index held in 2019, and has been used in more than 50 countries around the world. It is a Korea’s hidden skincare leader with pouring positive reviews. Enjoy DM.Cell, a highly effective professional “Premium cosmeceutical” products easily at home now.

RESEARCH & DEVELOPMENT

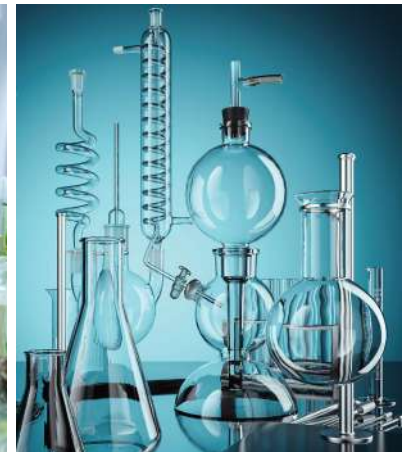

Factory production line

Factory production line DM.Cell Cosmetic distributes its own brand DM.Cell from the DM.Cell Cosmetic factory worldwide.
